Declaration on REACH Directive Directive (EC) No. 1907/2006

Dear Sir or Madam

Thank you for your enquiry regarding our compliance with the REACH Directive.

steute Technologies GmbH & Co. KG does not manufacture any substances or preparations which fall under this guideline. As far as REACH is concerned, we are a "downstream user" and thus not subject to any obligation to register products.

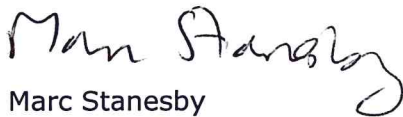

Nevertheless, we oblige our suppliers to supply only products which conform to the valid REACH Directive at the time and which do not contain any substances on the current list of SVHCs in a concentration of more than 0.1 mass %.

The list of SVHCs is checked by us regularly for additions and amendments. If at any time we should find that our products require registration in accordance with Art. 33, we shall inform you immediately and unbidden.

Beyond this declaration we are unable to complete individual questionnaires or provide detailed information about specific substances. Thank you for your understanding.

Yours faithfully

steute Technologies GmbH & Co. KG

Marc Stanesby
Managing Director
